CARBONDALE.

DEATH OF P. A. POWDERLY.

Patrick A. Powderly, of Eighth avenue, who was stricken with paralysis, without having regained consciousness, deceased was born here nearly sixty-seven years ago and had always resided in Carbondale. He was for many years foreman of car repairs of the old Gravity road. Mr. Powderly was a member of St. Rose church and by numerous activities in church work he developed a beautiful Christian character. In 1857 he married Miss Mary Gilligan, of this city, and to their union were born three children, all of whom survive as follows: Philip H., Terrence V. Powderly and Mrs. James A. Farrell, all of this city. He is also survived by these sisters and brother: Hugh W. Powderly and Miss Margery Powderly, of Carbondale; Messrs. John Powderly, of Scranton; Joseph Powderly, of Eagle Pass, Texas, and Hon. Terrence V. Powderly, United States commissioner of Immigration in Washington, D. C.

JERMYN AND MAYFIELD.

Successful Closing Recital by Miss Stearns' Pupils.

The closing recital by Miss Stearns' pupils, given in Enterprise hall last evening, was a very enjoyable affair, and although the weather was unpropitious, it did not seem to interfere much with the attendance, the hall being fairly well filled. All the pupils did excellently, and it is therefore needless to select any for special mention. In their recitations they showed evidence of their careful training, and Miss Stearns must be congratulated on the children's success. The vocal quartette, sang by the Misses Freda Briggs, Mabel Ketchum, Elsie Stearns and Edna Dewey, four Peckville young ladies, was among the most enjoyable, and the judges presented the quartette with a special award. DUN'S REVIEW OF TRADE.

Damage to Wheat Crop of the Northwest an Event of Importance. New York, June 22.—R. G. Dun & Company's Weekly Review of Trade (tomorrow) will say: "The damage to the wheat crop of the northwest is the event of chief importance. How extensive the loss may prove in view of the widely conflicting accounts, can only be judged from the speculative markets in which information gathered at the west has caused a remarkable advance, at Chicago 15 cents in ten days and the price here has advanced 11 cents per bushel, though the September option is only 9 cents. The belief is that so large a part of the spring wheat has been killed as to reduce a yield expected to be close to the largest on record to considerably less than the world has required during the crop year now ending.

and to adjust prices to a new basis for the latter half of the year.

In iron and steel, progress toward that end was made when the structural producers a week ago reduced the price of heavy iron to \$1.00 and angles to \$1.80 at Pittsburg, leaving only rail and tin plates which have not been reduced from the highest points. The rail works are crowded far ahead, and the question in tin plates depends largely upon wages. Eastern bar is reduced to \$1.50 and steel bars to \$1.50 at Pittsburg, with a general shutting down of works expected July 1. Hoops are quoted there at \$2.25, and No. 2 black steel at 27 cents, buyers asking only for small lots. There is a wide range of quotations for merchant steel and the lower prices named for pipe have only started the demand a little, as buyers expect yet lower quotations. Minor metals are also quiet, with small transactions. Lower prices are again reported for several grades of cotton goods and are
